Subject: COMPASS/EPA Exec Session - Session 1 Follow Up
Attachments: The SALT Framework.pdf; EPA ExpertBios_Exec Session June 2022.pdf

Hi everyone,

Thank you for a great session on Friday! We appreciate your engagement, curiosity, and enthusiasm. This email includes resources that came up, as well as plans for our **second session on Friday, June 24 from 12–2pmET**.

Resources:

- EPA's SALT Framework for communicating risk (also attached)
- EPA staff can express interest in joining a weeklong risk comms workshop by completing this form
- D.C. Equity Advisory Group (mentioned by Nickea)
- Expert bios (attached)

Session 2 (Friday, June 24, 12–2pmET):

- We will practice risk communication in real-ish life scenarios with our same group of experts. Each RA will be paired with an expert to practice a 5 minute, 1:1 risk comms situation that could come up in the course of their work. They will receive feedback from the experts and fellow participants.
- The RAs will each receive an email on Thursday outlining the scenario that we have crafted for them. This is not an activity that requires advance preparation, but we find that folks often like to be mentally prepared for what's coming their way.

In the meantime, please do not hesitate to reach out with any questions or concerns. We look forward to seeing you later this week!

Meg
